574-766-7833

Your new health benefit is more than a way to get care—*it's a path to better, proactive health.*

AVAILABLE STARTING
JANUARY 1, 2026

Round-the-Clock Availability

You'll have direct access to your care team in under 5 minutes. Connect via text message 24 hours a day, 7 days a week.

Health Intelligence Report

Our Health Intelligence Report starts with a simple survey and incorporates your full medical history to proactively guide you toward better health.

Specialty Referrals

Your care team will help you find the right in-person specialist at the right time.

A Dedicated Care Team

You have access to a consistent care team who knows you and works together to handle all your primary and acute care needs.

Proactive Care Management

Your care team helps you actively manage chronic conditions like diabetes, asthma, and heart disease, giving you confidence and control.

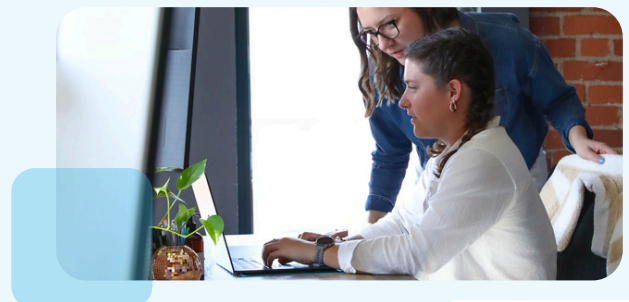

Personal & Household Coverage

Each membership covers the employee and their entire household. There is no cost to access.

Connect with your Care Team

Getting started is simple. Follow these easy steps:

- **Send a text:** Send a text to your company's TextCare number.
- **Get Introduced:** When you first use TextCare, you'll complete a brief health history form that helps your care team get to know you and your health needs.
- **Get the Care You Need:** Text anytime to get help with a health concern, ask a question, or schedule a video chat.
